#### Portfolio

## **PROJECTS**

## NLP Web Application

Working on a natural language web application that will be deployed on huggingface spaces.

Amazon SageMaker - REST API - Tensorflow - Pytorch

#### Portfolio Website

Built my personal website for hosting any files and links worth sharing with recruiters, hiring managers and anyone else interested in connecting.

HTML - CSS - Google Firebase - Adobe InDesign

well, ok · · · proficient

I'm always excited to learn new tools that allow for simple, scalable and solid solutions. Here's what I was most successful with in the past:

Python - SQL - MDX - MS Power BI - Power Automate - Git

Hadoop - Hive - REST API

MS PowerShell - HTML - CSS - JavaScript

# **CERTIFICATES**

Sequences, Time Series and Prediction Coursera

Feature Engineering Coursera

Structuring Machine Learning Projects Coursera Applied Machine Learning in Python Coursera Deep Learning with Tensorflow 2.0 Udemy

Scrum Master Scrum Alliance

## More About Ме

## LANGUAGES

#### Talk to me in...

Deutsch mother tongue

English C2, mother tongue at work

Español B1/2, intermediate - depending on vacation countries ;-)

Français

A1/2, elementary and my next big project for 2022.

## CONTACT

Thanks for making it all the way through here.

Now ... if you're a hiring manager or recruiter at a disruptive tech company which embraces change and diversity while investing in its employees and communities.

Let's talk
